MISSION STATEMENT

RUCSN's Mission is to promote, support and enhance the inclusion of children with additional needs and their families in appropriate children's services and associated community activities.

20 March 2002

Ms Sandy Winning
Winning Connection
12 Somerset Crescent
MOSMAN PARK WA 6012

Dear Sandy

We wish to confirm that RUCSN has agreed to provide sponsorship for the Winning Connection Language Flash Cards. We are impressed by the high quality of the finished product and by the wide range of topics which the cards effectively address. They will certainly provide a valuable resource for parents and professionals supporting children with autism.

It is likely that the flash cards will also be a valuable tool for therapists working with people with a wide range of disabilities, as they would be appropriate for both children with developmental or learning disabilities, and for adults with neurological disorders. It is hoped you will be able to explore these avenues in the future.

RUCSN is proud to support this unique Western Australian product. We commend you on your careful analysis of the language needs of children with autism and your enthusiasm in putting your ideas into practice.

We wish you well with any future developments of the Winning Connection,

Yours sincerely

Shirley McInnes (Occupational Therapist)
